

Amendments to the Specification:

Page 13, the second paragraph which commences at line 9, please amend set paragraph as follows:

As shown in ~~FIG. 5~~ FIG. 2, main shaft 121 and drive motor 129 are held on slide frame 141, and main shaft 121 is rotatably held on slide frame 141 by the two bearings, i.e., first main bearing 147 disposed in front slide frame 142 and second main bearing 148 disposed in back slide frame 143. Sliders 145 on the left and right sides of front slide frame 142 and back slide frame 143 are slidably held in engagement with guide rails 146 mounted on side frames 164 on both sides of common mount 103. Thus, main shaft 121 held on slide frame 141, auxiliary shaft 131 slidably engaging main shaft 121, and drive motor 129 are movable in the axial directions of main shaft 121.

Page 23, after the second line, insert as a new line, a new paragraph as follows:

103 common mount

page 24, line 8, delete the paragraph as follows:

~~161—common mount~~
